SUBJECT: Comments and request for additional information regarding Cook Inlet Energy, LLC Cook Inlet Area Production Operations Oil Discharge Prevention and Contingency Plan, ADEC Plan #:17-CP-2016

Dear Mr. Evans:

Cook Inlet Regional Citizens Advisory Council (CIRCAC) submits these comments on the Cook Inlet Energy, LLC Cook Inlet Area Production Operations Oil Discharge Prevention and Contingency Plan (ODPCP). CIRCAC's mission is to represent the citizens of Cook Inlet in promoting environmentally safe marine transportation and crude oil facility operations in Cook Inlet.

Overall, we find this plan to be thorough and well-written. We believe it meets or exceeds requirements in many areas. However, we also believe many areas require some clarification or enhancement to ensure the plan's effectiveness. The enclosed comments are intended to support ADEC and the plan holder in ensuring that all content is as clear and current as possible.

If you have any questions or wish to discuss this further, our Director of Operations may be contacted at (907) 776-5223 or via email at SteveCatalano@circac.org. I may be reached at (907) 283-7222 or via email at MikeMunger@circac.org. CIRCAC requests a findings document to be supplied at the end of this plan review.

Sincerely,

Michael Munger
Executive Director
