RE: Docket Number USCG-2014-0414

I would like to express my support for the recertification of the Cook Inlet Regional Citizens' Advisory Council (*hereinafter referenced as CIRCAC*).

Since its inception in 1990, CIRCAC has played an important role in increasing our knowledge of the Cook Inlet environment. They continue to foster long-term partnerships with industry, government and coastal communities to address environmental concerns that may impact the diverse economic and cultural use of the Cook Inlet.

For example, CIRCAC has proven effective in monitoring industry operations, developing efforts to prevent oil spills, and continued planning for spill response. As a result, CIRCAC continues to establish itself as a reliable, successful, knowledgeable participant in the Cook Inlet environmental, oil and gas activities.

I recommend you recertify Cook Inlet Regional Citizens' Advisory Council. Thanks for your consideration.

Sincerely,

Mike Navarre
Mayor
